

Ballarat and District (BADAC) Aboriginal Cooperative

BADAC embraces strong engagement and partnership approaches that support and empower the best interests of the Aboriginal people in the Ballarat District.

Budja Budja Aboriginal Cooperative

Budja Budja is committed to providing the highest possible quality care to our indigenous Community and the broader community of Halls Gap and surrounds.

Goolum Goolum Aboriginal Cooperative

Goolum Goolum is dedicated to fostering cultural pride within the community; and ensuring service delivery respects Aboriginal culture, history and experience.

“There are seventeen designated
Home and Community Care
Assessment Agencies in the
Grampians Region.”

HACC ASSESSMENT SERVICES

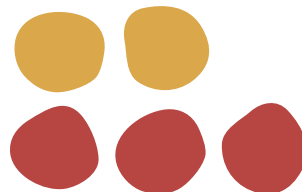

There are seventeen designated Home and Community Care Assessment Services in the Grampians Region.

These Services are based at local organisations within the communities of Central Highlands, Grampians Pyrenees and the Wimmera. Each of these agencies work in partnership with one or more Aboriginal Community Controlled Organisations.

The role of HACC Assessment Services is to provide Living at Home assessments which are individualised and assist with support planning for HACC eligible clients.

Assessment Services work within a model of community based care that focuses on enabling service users to remain in their home and as active participants in identifying and designing their own support needs.

To request a Living at Home Assessment contact the HACC Assessment Service in your local community.
